Maine Fusionists Falling to Pieces. Augusta (Me.) Kennebec Journal.

The campaign goes bravely on. The Greenbackers find it thundering all around them. The Republicans are marching on in a solid, united phalanx, gathering strength with every passing hour, while the Greenback-Democratic combination is breaking to pieces in every county and almost every town in the State. Within the last twenty-four hours we have received advices from many of the counties in the State which convince us that the breaking up of the Greenbackers which we witness in Kennebec County is going on all around us. We are in the midst of a genuine political cataclysm. The waves of an irresistible deluge are sweeping the fusionists to destruction. If things continue as they have opened this week, Davis will have a majority take-up with conical steel bearings and over both his competitors of 10 000 over both his competitors of 10,000

In this case Mr. Bennet happens to be the pure one and his accuser the "lewd fellow." To prove which assertion let the records of the courts testify. This Anthony Comstock with his partner in crime, Britton, decoyed five young girls to exhibit themselves naked for money and Bell, boarding-house, in 16th street, fell last night, burying a number of persons in the ruins. It is believed after feasting his vile mind on their various points of heauty. The judge various points of beauty. The judge before which these unfortunate women were carried, inbred with to commit that for which they were arrested by their accusers. This occurred in New York City.

Also in a public meeting of pas-tors a Boston minister denounced Comstock for doing acts that would disgrace a Boston policeman.

Comstock sends decoy lettters, assumes false names and uses the power of his office to suppress his personal enemies. It is not so much that Mr. Bennett mailed obscene matter but that he is editor of an infidel paper that Comstock wished him imprisoned, and he had been known to swear that he would get him yet, referring to Bennett.
